Enter Cifre Ceramica.

From Cifre Ceramica we invite you to enter a universe where the sensory and the technological go hand in hand. Because thanks to technology, ceramics gain in realism with pieces that are enjoyed with the 5 senses. And this catalog is an example of the commitment to a design that looks to the future without losing sight of the natural.

It looks to the future thanks to advances such as **ARTECH**,
an avant-garde technology that allows the textures and reliefs of materials such as wood, natural stone or cement to be recreated with total accuracy. The result is functional and decorative surfaces that stimulate both sight and touch.

But there is more, much more. This catalog is the result of months of work and includes novelties in all our collections. From WoodMotion to Pulidos, from XLife to new Brick&More series that surprise with their colorful pieces and innovative formats.

¡Welcome Cifre Ceramica!

Entra en Cifre Cerámica.

Desde Cifre Cerámica te invitamos a entrar en un universo donde lo sensorial y lo tecnológico se dan la mano. Porque gracias a la tecnología, la cerámica gana en realismo con piezas que se disfrutan con los 5 sentidos. Y es que este catálogo es un ejemplo de la apuesta por un diseño que mira al futuro sin perder de vista lo natural.

*Mira al futuro gracias a avances como **ARTECH**, una tecnología vanguardista que permite recrear con total exactitud las texturas y relieves de materiales como la madera, la piedra natural o el cemento. El resultado, superficies funcionales y decorativas que estimulan tanto la vista como el tacto.*

Pero hay más, mucho más. Este catálogo es el resultado de meses de trabajo e incluye novedades en todas nuestras colecciones. De WoodMotion a Pulidos, de XLife a nuevas series Brick&More que sorprenden con sus piezas coloridas y formatos innovadores.
